

Opening Ceremony UMMS Norway

On the 1st of June, UMMS Holdings invited for Opening Ceremony of UMMS Norway in Grand Hotel in Oslo. Event was hosted by Mr. Vinay Gupta, Managing Director UMMS Holdings, in the presence of Mr. Hirotatsu Kamabara, President Tsuneishi Holdings Japan. Headed by Mr. Lars Spildo, UMMS Norway is providing qualitative ship management services to Ship owners based in Northern Europe.

Union Marine Management Services, UMMS, has achieved sustained growth from having 1 ship in April 2012 to 36 ships with full management as of today. With offices in Singapore, India, Philippines and Vietnam, with own training centre operating in Manila and Haiphong, we are proud to open our first office outside of Asia in Norway.

The idea of having a European footprint to meet the client's needs and strengthen the services for European ship owners was initiated in mid 2017. In January 2018 the work to establish UMMS Norway started.

Establishment of UMMS Norway is also a further step in the development of UMMS to provide clients with the quality and responsiveness they expect from a ship management company taking care of their valuable assets.

UMMS Norway offer operation between Middle East and USA east coast and UMMS Singapore offering Middle East to USA west coast. We will then together cover the globe and can allocate resources more effectively to meet ever increasing demands from the market.

7th March UMMS Norway was registered as a branch office of UMMS Singapore and the organisation was up and running the 9th April in Storgata 17, Oslo.

We are today the ship manager of 8 ships, 6 Bulk Carriers and 2 PCTC operating world-wide where we serve all the services under ship management.

Oslo, June 2018
